

Fahamid Hyder

I am a highly motivated and responsible individual, currently pursuing a Bachelor of Science in Artificial Intelligence and Machine Learning. I have a proven ability to analyse complex problems, think creatively, and adapt quickly to new challenges.

Through academic studies, project leadership, and hands-on retail and event experience, I have developed strong problem-solving, teamwork, and communication skills. I thrive in fast-paced environments and am eager to apply my skills to innovative projects and real-world challenges.

Work Experience

Sword Security - Galway Races Summer Festival / Steward

2025 Event

- Worked the full week of the Galway Races, one of Ireland's largest racing festivals, in a high-volume public-facing environment.
- Carried out ticket checking and entry control at access points, ensuring efficient and orderly admission.
- Assisted with crowd management and directing patrons throughout the venue, maintaining safe movement during peak periods.
- Performed general stewarding duties, working closely with security staff and fellow stewards to support smooth event operations.

Santori Indian Cuisine / Server - T/A Packager - Cashier

Nov 2022 - Jan 2024

- Delivered excellent customer service in a fast-paced restaurant, managing orders, serving, and addressing inquiries.
- Accurately managed cash and card transactions and till operations, including end-of-shift reconciliation.
- Maintained a clean, organised, and welcoming environment for guests and staff.
- Collaborated effectively with team members to ensure smooth operations and resolve customer issues.

Outlier AI / AI Contributor (Coding & Generalist)

Mar 2025 - Mar 2026

- Evaluated and refined Large Language Model (LLM) outputs through human-in-the-loop (HITL) feedback to improve model accuracy, reasoning, and safety.
- Designed complex prompts and rigorously assessed AI-generated responses to identify errors, edge cases, and hallucinations in training datasets.
- Ensured high-quality data generation by applying analytical problem-solving to complex technical and logical tasks.

Education

BSc in Artificial Intelligence & Machine Learning

University of Limerick

Class of 2029

Leaving Certificate

St. Jarlath's College, Tuam

Class of 2025

Contact

Tuam, Co. Galway
